Stephen White, DDS
Austin, Tx

Skills

Helping my patients overcome their fear of the dentist. Teaching kids the importance of how and when to floss and brush. I am flexible when working with patients with special needs and still able to fulfill their appointment needs. I am experienced in taking xrays. I love doing sealants. I have experience with Dox and Open Dental Programs. I maintain all the radiation records required by law. I also maintain the medical emergency kit by keeping track of all the medications and ordering when required. I keep up with the office's CPR recertification and schedule accordingly.
