Dear Hiring Manager,

I am excited to apply for a Registered Dental Assistant position within your practice. With over fifteen years of experience across private practice, corporate dentistry, specialty care, and the VA healthcare system, I bring a well-rounded clinical skill set, a strong work ethic, and a genuine passion for patient care.

Throughout my career, I have supported providers in fast-paced dental environments while maintaining efficiency, organization, and high clinical standards. My experience includes chairside assisting in general dentistry, pediatric dentistry, orthodontics, and endodontics, as well as CEREC scanning, temporary crowns, digital radiographs, CBCT imaging, rubber dam placement, nitrous oxide monitoring, moderate sedation support, and infection control. I pride myself on anticipating the doctor's needs and helping each day run smoothly.

As a military spouse, my family relocated several times, allowing me to gain experience in a wide variety of dental settings and adapt quickly to new teams, workflows, and technologies. We are currently transitioning back to San Antonio long term, and I am seeking an opportunity within the local dental community where I can grow, contribute consistently, and build lasting professional relationships.

In addition to my clinical experience, I am completing prerequisite coursework through **Alamo Colleges District** as I continue to advance my education within the dental field. I am dependable, positive, and known for making patients feel comfortable while supporting a collaborative and professional clinical environment. Thank you for your time and consideration. I look forward to the possibility of discussing how I can be a valuable asset to your team.

Sincerely,

Bethany L. Munoz
