COVER LETTER

To whom it may concern,

I am writing to express my interest in joining your dental team as a registered dental hygienist. I have been practicing dental hygiene for five years, beginning my career in a small private practice in Fort Collins, Colorado, where I worked from June 2021 until June 2025. Leaving that practice was difficult, as I was deeply loyal to the team, built the foundation of my clinical skills there, and developed strong, long-term relationships with my patients. My husband's job brought us to Corpus Christi, and although the move was bittersweet, it opened the door to valuable new experiences.

Since relocating, I have been working one day per week at Boss Dental Care, where I was welcomed by two wonderful dentists and a team of five hygienists. Much of my time there is spent seeing new patients, which has strengthened my diagnostic skills, communication, and ability to build rapport quickly.

I also work three days per week at Easy Breezy Dental, a small one-hygienist practice located in a unique area of Corpus Christi. Here, I care for a diverse patient population. I have implemented a periodontal program for this office, and most of my schedule consists of SRP, periodontal maintenance, and scaling in the presence of gingivitis.

When I first arrived in Corpus Christi, I worked full-time as a temp hygienist for Shine Dental Recruitment. Temping was new to me, but it quickly became one of the most valuable parts of my professional growth. I learned to adapt to different office paces, software systems, equipment, and provider preferences while maintaining a high standard of patient care. I continue to temp several days each month, often at a pediatric office, which has expanded my skill set — especially my patience.

My husband's career will be relocating us again at the beginning of July, and I am now seeking a new dental home. I am looking for a close-knit team that values patient-centered care, strong communication, and a supportive work environment. I take pride in being reliable, adaptable, and compassionate, and I hope to bring those qualities to a practice where I can grow long-term.

Thank you for your time and consideration. I would welcome the opportunity to meet and learn more about your office.

Sincerely,
Rylee Hanna, RDH
